Kyoto Breast Cancer Consensus Conference (KBCCC) 2011 International Convention Introduction Article

'Kyoto Breast Cancer Consensus Conference (KBCCC) 2011 International Convention' was reported in the 'Monthly Mix June Edition' by Elsevier Japan.

Between 14th and 16th April, Kyoto Breast Cancer Consensus Conference (KBCCC) 2011 International Convention was held at Kyoto International Conference Center in Kyoto City. KBCCC is involved in a wide agenda which is important for practical clinic focused local treatment and aims to form a consensus on the fundamental ways of thinking. We are going to introduce the kinds of consensus reached at this conference, while presenting voting results by 40 experts.
