

Donate to help support KBCCC 2014 and support the fight against Breast Cancer!

Message from the Chair of the Organizing Committee

KBCCC 2014 will be held in Kyoto on 20 - 22 February 2014 featuring world renowned experts in the field of oncology. The theme being “*Moving toward individualized breast cancer care*”. We plan to make this conference a ground-breaking forum for international exchange and to gain a consensus for breast cancer treatment in the fight to improve treatment success rates. Over 300 domestic and 300 international attendees are expected to take part.

As our financial base is not robust enough to support operating costs fully I would like to ask for your generous support by contributing a donation to allow us push on with this important international project.

Masakazu Toi
