

## **Announcement of “Poster Design Application Invitation for Kyoto Breast Cancer Consensus Conference (KBCCC) 2011 International Conference”**

This is an international medical congress endeavouring to reach a consensus regarding medical treatment methods between doctors and medical staff members involved in the treatment of breast cancer. The aim is to achieve better treatment results of breast cancer, which has recently been increasing rapidly, and for the improvement of QOL (Quality of life - degree of satisfaction mentally, physically, socially, culturally and intellectually on a daily basis)

For holding the second conference, we are accepting poster designs for the promotion of the medical conference.
